

Procedure for Filing Development Plans in a Planned Unit Development at the City of Irving.

Purpose:

The purpose of a Planned Unit Development (PUD) is to accommodate planned associations of uses developed as integral land use units such as industrial parks or industrial districts, offices, commercial uses, service centers, shopping centers, residential developments of multiple or mixed housing, including multi-family dwellings, single-family dwellings, townhouses or any appropriate combination of uses which may be planned, developed or operated as integral land use units whether by single owner or by a combination of owners. This zoning district shall be permitted for tracts of land not less than thirty (30) acres in area.

Stages of a PUD:

The stages or procedure for a Planned Unit Development shall be as follows:

- (a) The application for PUD zoning;
- (b) The submission of a development plan;

The development plan is the stage of zoning which establishes a land use (zoning district category) on a specific tract of land within the PUD. Applicant may elect to classify the development plan as a Preliminary or Final subdivision plat installment, provided all requirements of the Subdivision Ordinance are met. These items, however, are considered as two individual items requiring submission of all required documents and fees and must be approved individually.

Procedure After Plans are Filed:

At the time a development plan is filed, it will be scheduled for the Technical Review Committee agenda (City staff review). It is not necessary for the applicant to attend this meeting. As a result of this meeting a letter will be sent to the applicant and owner advising of any revisions which are necessary to comply with technical requirements and to advise of any concerns which the staff may have.

When all requirements of staff have been met, the item will be scheduled for the Planning and Zoning Commission agenda. For applications for approval of a development plan, a "Notice of Public Hearing" is sent to the applicant and the owners of all real property within 200 feet of the request site ten (10) days prior to the meeting of the Planning and Zoning Commission. This meeting is held on the first and third Mondays of each month at 7:00 p.m. in the Council Chamber, First Floor, Civic Center Complex, 825 West Irving Boulevard, Irving, Texas. The applicant or his/her representative should attend this meeting to be available for any questions the commission might have.

If the development plan is denied it may be appealed to the City Council for their hearing and action. The applicant/owner has ten (10) days after the Planning and Zoning Commission denial in which to appeal their decision to the City Council. This appeal must be in writing and should be directed to the Planning and Development Department, 825 West Irving Boulevard, Irving, Texas, 75060.
