

## **Irving Police Academy Hosting Procedures/Attendance by Outside Agency Personnel**

The Irving Police Academy is a full-time training facility conducting on-going TCLEOSE accredited courses, facilitating use of its space for departmental meeting needs. Many of the classes/courses and group meetings are available for attendance by personnel from other law enforcement agencies. Those are noted in the description links on the monthly calendars on the Irving Police department website:

**If an agency is interested in a class/course or group meeting that is not scheduled, arrangements can be made to host the class/course in a cooperative venture that would allow officers from multiple agencies to participate. For information regarding those types of arrangements please contact any of the following Irving Police Academy personnel.**
