

Obtaining a Library Card for Homebound Customer

Applying for a Library Card:

The Irving Public Library makes available a Homebound Card for those who are unable to come to a library as a result of physical impairment. A relative or friend may take the Application for Library Card for Homebound Customer to the person who is unable to come to the library. Once the application is completed, it must be returned to a library with a letter from a physician, social worker or the residence administrator confirming the name and address of the applicant and stating that the applicant is unable to visit a library due to a physical impairment. The Homebound library card and PIN information will be mailed to the customer.

Materials Check-out:

A customer with a Homebound library card may call the library to request library materials to be picked up by someone of his/her choosing, who will bring the card to the library and checkout the materials. Materials may also be selected for the customer's use by the person of his/her choosing and checked out on the customer's card. The Homebound library card does not permit use of the public computers at the library.

Responsibility Agreement:

A customer with a Homebound library card agrees to be responsible for all materials checked out on the library card and to have the materials returned on time by the person of his/her choosing. The customer also agrees to follow all library policies and procedures. The customer will notify the library immediately if the card is lost or stolen and also report any change in address, phone or email information.
