GARNER

EXPLOSION AFTERMATH**Burns Claim
Life of Boy**

A fire of "undetermined cause" has taken the life of a nine-year-old Irving boy.

Funeral services for David Eugene Garner, 9, who died Saturday at Methodist Hospital, will be held Tuesday morning at 10:30 at the Good Shepherd Lutheran Church. Burial will be at Oak Grove cemetery.

He is survived by his parents, Mr. and Mrs. Charles E. Garner of 1536 Priscilla, two sisters, Mrs. Helen Garner Pace of Oklahoma and Patricia Garner, and two brothers, Charles H., and Carl R. Garner of Irving.

David suffered second degree burns over almost half his body when a 55-gallon drum of bowling pin cleaner exploded near the rear of the Golden Triangle Bowling Lanes, Beltline at 183, at approximately 3 p.m. Saturday, November 25.

With him at the time were his sister Patricia, and a friend, 9-year-old Steve Cox.

His parents were inside bowling while the children played outside.

The children told County Fire Marshal Hal Hood that sparks from a nearby grass fire had ignited the cleaner. Hood said that the faucet on the cleaner drum was padlocked but that a vent in the drum was open and might have been leaking. The highly flammable cleaner has a naphtha base, he added.

Hood said the fire's cause was "undetermined in origin."

David's father is employed by the Bell Helicopter Co. of Hurst and his mother works in the high school cafeteria.

Explosion In Chicago ^{GARY} Kills Two

EAST CHICAGO, Ind. (UPI) --An explosion in a smelting furnace killed two persons, injured at least 42 and demolished a building in a big aluminum treating plant Thursday.

The blast touched off a fire that burned for hours in the debris of the U.S. Reduction Company plant in the highly industrialized area on the shore of Lake Michigan southeast of Chicago.

The body of Abraham Smith, Gary, was found in the charred debris hours after the blast and another workman, George Battle, 43, East Chicago, died of his injuries in St. Catherine's Hospital. The cause of the blast was not known.

GENTILE Bartender Killed In Slaying

CHICAGO (UPI) -- Assassins gunned a skid-row bartender Wednesday in the city's 14th gangland-style slaying in a year.

Investigation sought to determine whether the killing was connected with the "juice" racket in which crime syndicate loan sharks exact usurious interest on short-term loans.

Joseph Gentile, 51, a hefty bartender in a saloon frequented by West Madison Street skid-row derelicts, was slain by a volley of shots from a darkened car as he backed his own automobile into a parking place near his West Side home.

Horse Hits Rail, Jockey, 22, Dies

NEW YORK (UPI). - Roy Gilbert, one of the nation's most promising young race riders was killed Tuesday when his mount, Plenty Papaya, crashed into the rail during the running of the fourth race at Aqueduct.

The 22-year-old youth from London, Ky., who gained prominence in recent weeks by riding four stakes winners

in 14 days, died in an ambulance while on the way to a hospital.

Dr. Alexander Kaye, the track physician, attributed Gilbert's death to a fractured skull.

Gilbert, who had been riding since 1958, had trouble with Plenty Papaya even before the start of the fatal race. The 2-year-old filly, with only one previous race to her credit, was nervous entering the starting gate.

Plenty Papaya got off slowly and trailed the field going down the backstretch in the five-furlong race. Then, as she neared the stretch turn, the filly made a sharp turn to the left and headed toward the inner rail.

Gilbert tried vainly to straighten out his mount. He was leaning and "lugging" toward the right-half out of his saddle when Plenty Papaya struck the rail, hurling Gilbert to the ground.

Track officials rushed to the jockey's side and placed him aboard the ambulance. He was being taken to a hospital when he died.

Gonzalez Hidalgo-Killer Gets Gas Room

SAN QUENTIN, Calif. (UPI) -- Jose Angel Gonzalez, of Hidalgo, Tex., who hurried alive a girl he thought he'd already killed, was executed Wednesday in the San Quentin Prison gas chamber.

"I'm sorry for what I did, and I'm sorry for my family," the 29-year-old father of three said as he entered the gas chamber.

The lever releasing cyanide pellets into the acid in the chamber was pulled at 10:03 a.m. and Gonzalez was pronounced dead at 10:11.

Gonzalez had pleaded guilty to the murder of 10-year-old Juanita Zepeda of Palm Springs. He entered the girl's home Aug. 29, 1960, intending to steal money. Surprised by Juanita, he beat her with a 15-pound gate hinge.

Then he buried her in the front yard of the home, thinking her dead. The body was found the next day and an autopsy showed she died of suffocation.

Gov. Edmund G. Brown refused Tuesday to intervene in the case.
