Pedestrians killed on Airport Freeway

Police report two pedestrians were killed on the 1300 block of East Airport Freeway at 9:30 p.m. Tuesday.

One of the two was identified as 21-year-old Mark Randall Harrison of Irving. Police are withholding identification of the other pedestrian, a 30-year-old man, pending notification of next of kin.

Sgt. John Neeley said apparently both of them had been drinking and sitting in front of Krogerland with four other men.

"They were preparing to go to work at the Krogerland loading docks, when Mr. Harrison started to run into the highway," Neeley said. Two of the men brought him back from the highway, but Harrison struggled with them and went into the highway again, Neeley said.

"Another man (the 30-year-old man) went out into the highway to get him. But during the process of getting Harrison out, at least five vehicles struck him," he said. "Both of them were pronounced dead at the scene."

The incident is still under investigation by the Irving police traffic division.
