Murder suspect extradited to Dallas County, police say

BY ZIZABETH CARDENAS

News Staff Writer

The East Texas man charged with the February motel murder of a Fort Worth business man was extradited to Dallas County from Las Vegas Wednesday.

Larry Wayne Edgerton, 27, of Greenville, was charged with capi-

tal murder on March 7, and his bail was set at \$750,000.

Edgerton is accused of fatally stabbing ~~Boget Anderson~~, 53, at 11:45 a.m. Feb. 20 in his motel room at the Skyway Inn, 110 W. Airport Freeway.

See **MURDER SUSPECT**, page 2A

Murder suspect: Extradited to Dallas County

Continued from page 1A

Edgerton was arrested in Las Vegas on charges of stealing Anderson's 1993 Mercury Cougar. He was escorted back to Dallas by sheriff's officials Wednesday, and is currently being held in the Lew Sterrett Criminal Justice Center.

An announcement hearing has been slated for Thursday.

Edgerton confessed to committing the Anderson murder to Irving police detectives sent to Las Vegas,

said IPD Sgt. Richard Dix. A grand jury indicted him on capital murder charges March 24.

According to police, Edgerton, who was also staying at the Skyway Inn, killed Anderson for his car and his money. Police said Edgerton watched Anderson park his car and then followed him to his room. Although, there were no signs of forced entry, police do not think Edgerton was an acquaintance of Anderson.

After the stabbing, Edgerton, a forklift operator, allegedly stole

Anderson's car and drove to Las Vegas, police said. Edgerton and his 26-year-old girlfriend, of Irving, were arrested March 3 in Las Vegas for investigation of auto theft after they got into Anderson's stolen car parked outside a blood bank.

Police have not been able to link Edgerton's girlfriend to the actual murder, but police are still investigating.

Las Vegas police recovered a bayonet — what Irving police to be the murder weapon — from An-

derson's stolen Mercury, Fuller said.

Anderson was the vice president of the small Fort Worth company, Conservation Technology, a firm that sells sterilization equipment to hospitals. Anderson had been living in the hotel since January and was looking for a home in the Dallas-area.

According to police, he was the only person checked into the room, — he never had any family with him, Dix said. Police said his ex-wife lives in Houston, and his adult son lives in the Dallas area.

Man gets life in stabbing case

By **LIZABETH CARDENAS**

News Staff Writer

An East Texas man who stabbed to death a businessman staying at an Irving motel in February was found guilty of capital murder Friday and sentenced to life imprisonment. Larry Wayne Edgerton, 27, of Greenville, must serve 40 years in prison before becoming eligible for parole.

Edgerton killed Roger Anderson, 53, of Fort Worth at 11:45 a.m. Feb. 20 in his motel room at the Skyway Inn, 110 W. Airport Freeway.

According to police, Edgerton, who was also staying at the Skyway Inn, killed Anderson for his car and money. Police said Edger-

ton watched Anderson park his car and then followed him to his room.

Although there was no sign of a forced entry, Edgerton was not an acquaintance of Anderson's, police said.

After the stabbing, Edgerton, a forklift operator, stole Anderson's car and drove to Las Vegas, police said, picking up his 26-year-old girlfriend on the way. Police also believe Edgerton stole money from Anderson because no money was found in Anderson's motel room.

The couple was arrested March 3 in Las Vegas for investigation of auto theft as they were getting into Anderson's stolen Mercury. The suspects were selling their blood for money when a police officer spotted the car, said Lt. Sid Fuller of the Irving Police De-

partment. A Las Vegas police officer was checking the license plates of cars parked outside the plasma center because it is a common stolen vehicle drop-off site, Fuller said.

After the officer came to Anderson's car and checked the license plate number, he notified Irving police, who had reported the car stolen on the national crime information center network after they found Anderson's car missing.

Las Vegas police recovered a bayonet believed to be the murder weapon from Anderson's stolen car, Fuller said.

Anderson was the vice president of a small Fort Worth company, Conservation Technology, which sells sterilization equipment to hospitals, police said. Anderson had been living in the motel since January and was looking for a home in the Dallas area.
