

City of Irving Job Description

Facilities and Warehouse Supervisor

FLSA Status:	EXEMPT	Job Department:	Water Utilities
Job Code:	B291	Reports To (Job Title):	Utility Business Manager

PURPOSE

To facilitate the management, operation, and maintenance of all Water Utilities facilities, including the Valley View Municipal Complex (VVMC); to plan, organize, direct and control the operations at the VVMC and City warehouses; to oversee landscaping and grounds maintenance at sewer lift stations, water pump stations, elevated water towers and ground storage facilities; to assist with the homeland security program for Water Utilities; to coordinate programs and special projects conducted at departmental facilities; and, to provide various other administrative and operational support for the department.

ESSENTIAL DUTIES AND RESPONSIBILITIES

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily.*

- Manage through planning, organizing, and inspecting the ongoing maintenance of VVMC buildings, structures, indoor, and outdoor water features, and the grounds, which includes landscaping, janitorial services, carpet cleaning, painting, and public art installations.
- Manage and plan all aspects of the homeland security project for Water Utilities Department, including administering federal grants.
- Manage and plan for the landscaping and grounds keeping activities for all water utilities locations, which includes providing functional supervision over one (1) employee of Parks & Recreation.
- Manage and oversee the City auction by receiving, transporting, storing, and tracking auction items for various departments.
- Oversee the safety of VVMC, including parking and storage of equipment.
- Process, track and store non-inventory items for multiple city departments.
- Plan, assign, and supervise the activities of assigned warehouse staff.
- Coordinate fuel deliveries to the VVMC fueling station.
- Coordinate capital improvement projects performed by consultants, which includes overseeing payment certification and change orders.
- Assist in budget preparation and analysis for facilities and warehouse operations expenses.
- Develop and update Policies Manual and Standard Operation Procedures (SOPs) Manual.
- Prepare detailed technical specifications for vehicles, equipment, and materials.
- Prepare bid documents and oversee bidding process, which includes determining qualifications and awarding bids.
- Monitor and inspect buildings and premises for fire, security and safety issues.
- Assist in the development and implementation of departmental goals and objectives.
- Perform related duties as assigned.

OTHER DUTIES AND RESPONSIBILITIES

- Serve as liaison with water customers, consultants, other City departments, external constituencies, and other project stakeholders on day-to-day programmatic, operational, and administrative issues.

SUPERVISORY RESPONSIBILITIES

Functional and Technical Supervision - Regular responsibility for giving direction and guidance to employees as a lead worker, project manager or internal advisor. As an ongoing part of the position, the employee can expect to supervise approximately 1 employee.

Organizational Supervision - Applies to full personnel management responsibilities including selection, discipline, grievances and formal performance evaluations for a position's direct reports plus all employees reporting up through subordinates, which will include approximately 2 employees.

FINANCIAL / BUDGETARY RESPONSIBILITY

Responsible and accountable for the administration of an operations and maintenance budget of approximately \$1 million, annually.

QUALIFICATIONS:

The requirements listed below are representative of the knowledge, skill, and/or ability required.*

EDUCATION

- Equivalent to the completion of a high school diploma *and* some college or vocational training in a related field.

EXPERIENCE

- At least three (3) years of experience in facilities management, with one (1) year in a supervisory capacity.
