

## City of Irving Job Description

### Utility Mechanic

---

<b>FLSA Status:</b>	Non-Exempt	<b>Job Department:</b>	Water Utilities
<b>Job Code:</b>	U612	<b>Reports To (Job Title):</b>	Pumps and Motors Section Chief

---

#### PURPOSE

To perform skilled tasks in the construction, maintenance, repair, and servicing of water and wastewater distribution system facilities and equipment to ensure the health, safety and well-being of internal and external customers as well as the environment.

#### ESSENTIAL DUTIES AND RESPONSIBILITIES

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily.\*

- Inspect, maintain, repair, and service machinery and equipment including pumps, electrical systems, hydraulic systems, valves, motors, chlorine injectors, engines, compressors, computerized and pneumatic equipment and odor control systems.
- Coordinate activities with other departments, divisions, as well as outside agencies to ensure continuity of service.
- Recommend improvements to design, installation, and maintenance of lift stations, pump stations and related equipment.
- Troubleshoot mechanical, electrical, hydraulic and pneumatic problems.
- Check, prioritize, and schedule pumping stations on a regular basis to maintain and repair generators, valves, motors and pumps.
- Maintain and repair pumps/motors and other mechanical equipment in pump stations.
- Test, rebuild, and maintain records of all fire hydrant meters.
- Monitor, maintain, and repair lift stations, including generators, valves, motors and pumps.
- Fabricate parts and equipment to perform maintenance and repair work.
- Operate welding, cutting, drilling, metal bending, sanding, metal fabrication, painting/powder coating and machining equipment.
- Enter confined spaces using proper confined space procedures and atmosphere monitoring equipment.
- Ensure the safety of work zones using cones, flags, barricades, signs, and personal safety equipment.
- Perform preventive maintenance on heavy equipment such as rubber tire loader, boring equipment, trailer mounted pumps, jack hammers, light towers, skid steer, air compressors and all excavation equipment.
- Monitor, maintain and repair all small engines and equipment used by field crews.
- Participate in on-call rotation for after-hours work.
- Perform related duties as assigned.

#### OTHER DUTIES AND RESPONSIBILITIES

- Maintain and organize shop work areas.
- Perform preventive maintenance, inspections, and servicing of equipment.

- Perform plumbing, electrical, carpentry and welding duties as required.
- Maintain detailed records on maintenance work done.
