City of Irving Job Description
Raw Water Pumping Supervisor

FLSA Status: EXEMPT
Job Code: 36161
Job Department: Water Utilities
Reports To (Job Title): Assistant Water Utilities Director

PURPOSE
To oversee and direct staff responsible for monitoring and operating the raw water pumping facilities and property associated with Lake Jim Chapman, the city’s primary water supply source.

ESSENTIAL DUTIES AND RESPONSIBILITIES
To perform this job successfully, an individual must be able to perform each essential duty satisfactorily.*

- Develop and administer budget for raw water pumping section.
- Assign duties to raw water pumping operators.
- Perform data entry and backup and modify programming and diagnostics on SCADA system as it applies to raw water pumping.
- Schedule the maintenance of all pumps, valves, electrical systems, instrumentation, and related equipment at Lake Chapman facilities.
- Record data and reports regarding raw water pumping activities.
- Determine when a contractor is needed; supervise such repairs of mechanical or electrical systems.
- Coordinate raw water pumping activities with other Water Utilities sections and contractors.
- Maintain instrumentation including pressure transmitters, flow transmitters, level transducers, floats, pressure gauges, and limit switches.
- Supervise raw water pumping staff involved in the maintenance and operations of facilities related to raw water transmission from Lake Jim Chapman to Lake Lewisville.
- Direct and participate in the operation of 75 miles of pipeline, two pump stations, two reservoirs, and flow-splitting meter vaults to manage water to other water supplies.
- Oversee landscaping of six sites along the pipeline.
- Maintain logs of inspection of pumps, motors, and various other equipment.
- Prepare reports on pumpage, flow totals, readings, energy consumption, equipment run times, and special projects as assigned.
- Provide assistance in the daily operation of system controls.
- Calculate chemical dosages and feed rates to chlorinate and de-chlorinate water.
- Perform related duties as assigned.
OTHER DUTIES AND RESPONSIBILITIES

- Monitor the security of all sites associated with Lake Chapman.
- Assist with preparing bids and contracts regarding electrical services or instrumentation maintenance.
- Respond to landowner concerns.
- Clean building and outdoor facilities.

SUPERVISORY RESPONSIBILITIES

Organizational Supervision - Applies to full personnel management responsibilities including selection, discipline, grievances and formal performance evaluations for a position's direct reports plus all employees reporting up through subordinates, which will include approximately 6 employees.

FINANCIAL / BUDGETARY RESPONSIBILITY

Responsible for developing, administering and coordinating the division budget of $4.5 million.

QUALIFICATIONS:
The requirements listed below are representative of the knowledge, skill, and/or ability required.*

EDUCATION

- Equivalent to a Bachelor’s degree from an accredited college or university with major course work in related field.

EXPERIENCE

- Three (3) years of water pumping experience, with one (1) year of supervisory experience.
