

# WASTEWATER INTERCEPTORS

## UNDER CONSTRUCTION

### **BETSY LANE WASTEWATER** - Grauwlyer to SH 183

This project will replace 2,640 LF of 18" wastewater main and repave Betsy with 6" thick concrete pavement along with some storm sewer improvements. The project will begin in November pending some work by franchise utility companies.

Contractor: SYB Construction Company

Notice to Proceed: 11/01/2019

Contract: \$3,371,323.50

Project Time: 495 Calendar Days

### **SOUTHWEST INTERCEPTOR**

This project will replace 1,690 LF of 4" - 8" and 6,055 LF of 36" - 48" wastewater main along with the necessary concrete channel work to complete the project. This project is behind schedule due to contractor's issues with maintaining the integrity of the channel during rainfall events.

Contractor: Thalle Construction Company

Notice to Proceed: 07/31/2017

Contract: \$7,057,244.50

Project Time: 411 Calendar Days
