Getting Started
So you’re ready to enroll in your employer provided benefits! The new PlanSource enrollment experience will help you do just that, in an intuitive, educational and fun way.

Before you begin enrolling in your benefits, please make sure you have the following items.

- Social Security Number (SSN) for all legal dependents you wish to enroll in any coverage.
- Date of Birth (DOB) for all legal dependents you wish to enroll in any coverage
- Beneficiary Information for Life Insurance, which includes your beneficiaries’ name(s), DOB(s) and SSN(s)

Log in to PlanSource
Before you can do anything in the PlanSource system, you must first log in with your username and password.

1. Type or paste this link into your web browser's search bar: https://benefits.plansource.com/
2. On the login page, type your username and password.
3. If this is the first time you are using this site follow the instructions below for your user name and Password. Your Username consists of:
   a. First initial of your First Name
   b. First six characters of your Last Name
   c. Last four (4) digits of your SSN

   Example: John Employee, whose SSN is 000-00-1234, would have a login of JEMPLOY1234.

   Your Password is your birthdate in the format YYYYMMDD. Example: a birthdate of February 7, 1975 would look like this: 19750207.

   First time users will be prompted to select a new password. (Note: Every year during Open Enrollment your password will reset back to your birthdate in the YYYYMMDD format.) If you forgot your password, click “Forgot your password.” If you have no email address on file for this process, contact your account manager.

Welcome Screen
From this screen you will be able to begin your enrollment, make changes to your benefits, see your benefits summary, and review benefit plan information among other resources. First we will go through the enrollment process; later in this document we will review steps to update enrollment information.
Overview

At the top of the screen you’ll see how many days you have left to enroll, whether you’re a new hire or in an open enrollment window. You also have until that time to revisit benefits.plansource.com to make any changes to your enrollment. Failure to enroll by the enrollment due date will result in “NO COVERAGE”.

1. Review the timeline. The timeline will show where you are, or where you left off in the enrollment process.
2. Click Get Started

If you are not a new hire and it is not annual enrollment, select the Benefits link in the side menu then select “Update your Current Benefits.”

Updating Your Information

After you select “Get Started”, you will be taken through a series of steps in order to update your own personal information and your dependents information.

Review Your Profile

The first step in your enrollment process is to review your profile. Read through this page and verify that all information is correct; if there are errors, you can modify the information by selecting “Edit Info” or contact your HR representative for corrections. Complete any information where the field is empty or incorrect. Once you have completed your updates, select “Save”. Then select “Next: Review My Family”.

Adding Dependents and Beneficiaries

After you review your profile, you will have an option to add dependents. Each dependent you add is capable of being a beneficiary. However, adding dependents (i.e. Spouse, Partner, and Child) can be done on any page of the enrollment. To enter a new dependent not currently listed on the page:
1. Click the “Add Family Member” box. This will open a new page.

2. On the new page, enter the dependent information as shown below.

![Dependent Information](image)

3. Select “Save.”

Once you have saved your dependent, you will be sent back to the Manage your family members page. This allows you to add or remove family members before you move on. When finished with your updates select “Next: Shop for Benefits”.

**Shop for Benefits**

You’ve checked your profile information, and added dependents. Now you’re looking at your benefits dashboard, and you’re ready to shop! You’ll see available options in the middle of your screen, and the total benefit cost per pay period will appear in the upper right hand side of the enrollment screen in your cart.
This figure (the dollar amount in your cart) will automatically update as you make each benefit plan selection, and will keep a current amount of your per pay period costs (based on your employer pay period information). If you expand your cart you will see your benefit options and selections.
You must select “Review and Checkout” at the end of your enrollment for your benefits to be in force! You can select it within the cart or at the bottom right of the Benefits Selection page.

**Enrollment Navigation**

In order to proceed through each enrollment page, use the “Shop Plans” button next to the first benefit type.
Use the back button to go back to a previous page – Do not use your browser’s back button. Below you will see that we’ve started you with medical. On each benefits page, you can still compare plans, edit who’s covered, and get information related to your benefits.
The left hand navigation menu will dynamically change based on where you are in your enrollment.

**Elected a Plan**

All the plans available to you will be listed on the Plan Cards page (see above; the plans in the figures are of sample plans for demonstration purposes only). So, after you’ve reviewed your options, learned about that benefit type and decided what plan is right for you and your family, you’ll need to select your benefit.

- This is where you can edit who you want to cover, or add, by clicking “Edit Family Covered.”
- Click on the benefit you wish to enroll in.
On this page, you can, again, edit who’s covered (add dependents to this plan, or even add dependents that you forgot), review the coverage cost by tier, and see the full plan details. For a benefit with multiple plan options you will be taken back the plan cards view if you decide to add dependents. If there is a single plan offered for that benefit you will go directly to the plan details page shown above.

If this is the right plan for you, simply click “Update Cart” on the medical card at the right hand side of the page. Once you update your cart, you will be moved to the next benefit type page which will, again, show you all plan options for that benefit type. Once you select a plan to view, you again will be allowed to edit dependents, see coverage amounts by tier, and review the plan types.

As you shop for more benefits, your dashboard page will show progress and your cart will update with the total price.
To change your benefits from your dashboard, simply click "Change Plan" next to the benefit type you would like to update. When you have completed your elections you must click "Review & Checkout" for your benefits to be saved and elected! Think shopping online, if you don’t Checkout then you won’t get anything!

**Enrollment Confirmation**

This page lists all the benefits you elected: Read through the entire page carefully and verify all information. Your cost is at the top in your cart, and your confirmed plan elections are shown below. You’ll notice your timeline has reached checkout as well! To review your plans and who’s covered, simply click View Plan next to each benefits type. You can also download, email, and print your selections for your own record. Congratulations, you have completed your enrollment!
To make any changes to your elections (within your enrollment window):

- Click Continue Enrollment, or View Confirmation (i.e. Medical, Dental, etc.)
- Make corrections
- Click Save (which will bring you back to the Your Summary Page)
- Click Review and Checkout

*Certify Your Dependents*
If you are making a status change at any time throughout the year you could be required to email, fax, or mail supporting documentation to your HR Department for your status change request to be approved. If your status change requires further documentation, you must send that documentation within 31 days of the event or your request will automatically be denied. Please refer to your HR representative for more information on life change event documentation.

Viewing Your Information at Any Time

At any time throughout the year you can log in to your account using your Username and your password. If you do not remember your password contact your Benefits Administrator to have your Password reset. Click “Benefits” in the left hand navigation menu. Read through this page and verify that all information is correct; if there are errors, contact your HR representative for corrections.

Wrapping up Your Enrollment

The Enrollment process is designed to be smooth and effortless. Always remember to click Checkout once you finish enrolling or updating your benefits. If you have any issues, please reach out to your HR department and they will be able to assist you.

Benefit Documents

If your employer has provided any documentation regarding your benefits, they can be found in the left-hand navigation under the Documents section, and in the Benefit Documents section, as pictured below:
The documents in the Library are broken out by Plan Year and Benefit. Some documents are global document, and are in their own category, available to all employees.

**Tax Documents**

If your company provides you with 1095-C Tax Forms, they will be listed under Documents as shown below.

**Required Documents**

If your selected benefits require any kind of required documents, you will see a red exclamation mark beside “Documents” in the menu. You will be able to upload any required document/s under My Documents as shown below.
Figure 18 Uploading Required Benefits

**Other Options for Required Documents**

If you cannot upload the Required Document, we offer other options depending upon your company’s settings.

- **Select an existing document:** This allows you to select a document that you have previously uploaded and apply it to the required document slot.
- **Cannot provide required document:** This slot allows you to provide a reason for why you cannot provide the document. This allows an administrator to reach out to you to discuss other options.
- **I will supply the document later:** This provides you with the date that the document is due by in order to have coverage.
**Employer Credits**

If your company provides you with employer credits then the Benefits Dashboard and the Review Page will have additional information for you to look at.

**After Employer Credit Applied**

If a benefit is allowed employer credits then you will see the monetary amount that you will have to pay after the employer credit is applied to your plan. This does not appear until after you have selected a plan for the benefit. The example in the image below, shows that all of the benefits with the red boxes are allowed employer credits, while the others do not.
Figure 20 Employer Credit Applied

**View Cost Breakdown**

Beside the “After Employer Credit Applied” notification is a question mark that opens up the cost breakdown for your benefits. This modal shows your Credit, the original Benefit Cost, and Your Cost after the credits are applied. A link to this modal shown as “View Cost Breakdown” is also located at the bottom of the Benefits Dashboard.
Review Page

On the review page, each benefit will show Employer Contribution, Credit Applied, Benefit Cost, and Your Cost. Right above the Checkout button is the link for “What is my Employer Credit?” Selecting this link will give you a model that provides you with your maximum credit amount and a brief description about the employer credit.
My Devices

The My Devices page contains links to Google’s and Apple’s store to download the PlanSource Mobile Application. It also allows you to register your device for extra security. After you register your mobile device it will be listed here for easy tracking.
