

Learn to toss like a boss!

The City of Irving's Solid Waste Services Department reminds residents the household items that can be recycled in the city's Blue Bag Program. All recyclable items should go in a transparent blue bag for curbside recycling. Blue bags can be purchased at city recreation facilities and City Hall, 825 W. Irving Blvd.

On collection day:

- Blue bags must be placed on the curb by 7 a.m.
- Bags cannot exceed 50 pounds.
- Large cardboard boxes should be flattened and placed under a blue bag.

For more information, visit CityofIrving.org/546/Recycling or call (972) 721-8059.

Plastics #1-3, 5-7*

Recyclable plastics have a recycling symbol printed on the bottom and number stamped in the center of the symbol. The number is a resin identification code, used to help recycling plants sort materials.

Plastics #4 are not accepted; this includes items such as grocery, produce and frozen food bags. These shopping bags also can be returned to most grocery stores and placed in a container usually located at the entrance.

Plastic containers need to be rinsed before they are placed in blue bags, without caps or lids. Below is a list with examples accepted in Irving's curbside blue bag program.

Water Bottles, Peanut Butter Jars, Salad Dressing Bottles

Milk Containers, Juice Bottles, Butter Tubs

Shampoo bottles, cleaning product bottles, cooking oil bottles

Condiment bottles, syrup bottles, medicine bottles

Disposable cups, cutlery, take-out containers

Baby bottles, storage containers, water gallon jugs
