FREE CHILD CARE FOR FRONTLINE HEALTHCARE WORKERS

As a health care worker, you are on the frontlines of the fight against COVID-19 — and we know you are in need of care, too. High-quality, safe, and nurturing child care is essential so you can get to work and have the peace-of-mind to focus on your critical job. Cisco and Bright Horizons have partnered with **#FirstRespondersFirst** to open this special child care hub that can meet the needs of you and your child.

The center will operate with special COVID-19 protocols in place, including limited capacity and small group sizes, enhanced teacher:child ratios, and intensive hygiene and cleaning practices. Care will be available at no cost to frontline healthcare workers who have limited access to quality child care.

Care is currently available through June 19. To inquire:
