The “Don't Mess with Texas Trash-Off” is Texas’ signature event for the Great American Cleanup, the nation’s largest community improvement program. Irving’s Trash-Off will be at Trinity View Park, part of the Campion Trail along the Elm Fork of the Trinity River. The Trinity River Watershed drains an area of 11.5 million acres and supports the water needs of more than 40% of the Texas population, so please come and help us keep the No.1 pollutant - litter - out of this important waterway.

Volunteers of all ages are welcome, but those 17 years and younger must be accompanied by parent or guardian.

Directions: From Irving, take Highway 356 East, across Loop 12. Exit the service road immediately past Wildwood Drive and follow it to the soccer fields. Turn right into the parking lot.

In addition to the in-person cleanup, we are offering a virtual option. Choose a safe location, conduct your cleanup and report via social media (Facebook, Instagram or Twitter) using the hashtag #IrvingTrashOff2023. Include photos along with the volunteers, hours, and bags of trash and recyclables collected.

Don't mess with Texas

TRASH-OFF
